The Housing Call to Action Network – West Auckland would like to thank the Auckland Council, Waitakere Ranges Local Board and Henderson Massey Local Board for their support in developing the Homelessness, Housing and Community Resources in West Auckland Directory. Further to this the HC2A would like to thank the Waitakere Ranges Local Board for their continued support of the Housing Call to Action West Auckland.

The Housing Call to Action would also like to thank Perpetual Guardian and the Clyde Graham Charitable Trust for their donation toward printing the resource.

The Housing Call to Action would also like to thank the many organisations and community groups who attended the Guide to Homelessness and Housing Hui in March 2018 and May 2019. The information you have provided at these Hui form the basis for the directory.

Further to this, the HC2A would also like to thank the sub-committee (Michelle Clayton – Family Action, Kevin Hawkins – Ember Korowai Takitini, Gaylene Thompson and Lee Hickey – WEST Community Hub – (WEST: West Auckland Enterprise, Skills and Training) for their continued work in developing and updating the directory into a printable resource that can be used by the community to support people experiencing homelessness or housing related need.

The May 2020 version of this directory has been updated and includes COVID-19 Level 4 support available in the community. The printing and development of this updated version is supported by The Collaborative Marketplace – a group of West Auckland Community Organisations who meet regularly to trade and share skills and resources for the benefit of the wider West Auckland community. The group includes Community Waitākere, EcoMatters, Family Action, Massey Matters, MPHS, WEST, Sport Waitākere, Healthy Families Waitākere, VisionWest and Auckland Council.

We would like to thank The Trusts for their generous donation toward the printing of this resource.

Emergency Housing, Transitional Housing, Housing First, Public Housing and how to access

At the Housing and Homelessness Hui we were asked (among other things) what the relationship is between the services, the Ministry of Social Development (MSD), Housing New Zealand (HNZ) and Community Housing Providers and what a client could expect; by way of response to this interest we spoke with MSD to develop the narrative below. To begin we have broken down what sort of housing is available and provided an explanation of what the different types provide as well as how they can be accessed.

Emergency Housing

When a client has **no roof** over their head **now**, whether they are working or not, they can apply for an Emergency Housing Special Needs Grant (EH SNG) at any Work and Income office on a walk-in on the day basis. The EH SNG is to help individuals and families with the cost of staying in short-term emergency accommodation (motels, hostels, campsites etc.) if they are temporarily unable to access any of HUD's contracted transitional housing places.

The EH SNG pays for short-term accommodation for up to seven days at a time, with the accommodation being provided by commercial and community providers who are not contracted by HUD to deliver accommodation services. Applicants for an EH SNG are required to make a "reasonable effort" toward finding alternative accommodation including applying for transitional housing and public housing; the EH SNG can be non-recoverable although where the household has contributed to their own housing need, the EH SNG may be made recoverable at 25% of the applicants' weekly income. Being granted Emergency Housing does not necessarily mean an individual is on the Public Housing Register.

Transitional Housing

Transitional Housing is delivered through providers who are funded by HUD contracts (Auckland has 19 providers); it can be accessed at time of presenting to Work and Income although usually it is accessed subsequent to Emergency Housing. HUD contracts for Transitional Housing and each provider of the service has an MSD liaison person to ensure clients accessing the housing remain "visible" to (wider) housing services. The contracted providers specialise in supporting tenants with a range of tailored social support, tenancy-related services, and are also responsible for maintaining the properties. Contracts for Transitional housing deliver 12 weeks of a "roof" with wrap around housing support with a possible option to renew. The wrap around housing support looks at financial capability and sustaining tenancies among other things; the contracted support continues for 12 weeks after housing has been secured as post placement support.

Individuals accessing Transitional Housing are not taken from the Public Housing Register although they may be on it or required to register. Occupants are required to make a Rent Contribution of 25% of their income plus (sometimes) utilities (power etc.), there are also usually rules related to the accommodation provided which will be specific to the particular provider.

Housing First

Housing First is a HUD funded 'unique' service targeted at chronic homeless for people in high-need cities and regions across the country who have been homeless for 12 months (or 12 months over the last three years) and also have a co-existing issue(s) such as addictions & or mental health diagnosis. Housing First recognises that housing is the vital first step because it is much easier for people to address issues such as mental health or substance abuse once they are housed, and provides immediate housing with no readiness conditions, such as sobriety or mental health treatment; it goes on to offer people long-term, flexible support services to help them stay in their home and address their issues so they can lead a better life.

Housing First Auckland adopts the Statistics New Zealand 2009 definition of homelessness. "Living situations where people with no other options to acquire safe and secure housing are: without shelter, in temporary accommodation, sharing accommodation with a household or living in uninhabitable housing." For some people, homelessness means sleeping rough on the street or living in cars. For others, it could involve couch-surfing or house-jumping with friends or acquaintances.

Access is directly through providers and they support individuals to access MSD if they are not engaged with them already.

Public Housing (previously State Housing or Social Housing)

Individuals **need to be on the Public Housing Register** to access Public Housing. Public Housing formerly also known as State Housing or Social Housing is provided by HNZ and Community Housing Providers (CHP); HNZ is the largest provider followed by the Tamaki Regeneration Project, there are +/- 12 CHPs in Auckland. State Public Housing tenants are charged **Income Related Rent (IRR)** which is calculated by MSD who tells the provider the amount to charge for rent. Tenants are taken from the Public Housing Register.

Access

- From the Public Housing Register
- Individuals can approach CHP; the CHP can approach MSD to get the individual on the Public Housing Register
- HNZ **cannot** identify individuals for vacancies and must take people from the vacancy match supplied by MSD

MSD administer the Public Housing Register

- MSD assesses individuals and rates their housing need
- Administer the Register and review it every 28 days
- Provide a list to match vacancies (top 20 matches)
- MSD can set up Bond Advance and rent re-direction

Tenancy management with IRR

- HNZ/CHP (providers) manage tenancies
- MSD calculates IRR and informs the provider how much rent to charge
- Tenancy managers have an 0800 number for IRR issues. This can be used for 3-way conversation between Tenant, HNZ and MSD; typical issues are resolving arrears or changes to Tenant's income

Opening Hours: Monday, Tuesday, Thursday & Friday 8:30am -5:00pm, Wednesday 9:30am -5:00pm

Phone: 0800 559 009

You may be eligible to WINZ entitlements to assist with housing costs. **A new Rent Arrears Assistance payment** is now available from the Ministry of Social Development. MSD already helps many people with rent arrears, but some people in need haven't been eligible to get this support. The new Rent Arrears Assistance payment may be able to help some people who don't qualify for other MSD rent arrears support, and risk losing their home because of overdue rent. People don't have to be getting a benefit or living in public housing to get Rent Arrears Assistance. It's a one-off, income-tested payment which needs to be paid back.

In summary, it's for people who:

- need to pay overdue rent
- may lose their tenancy because of the unpaid rent
- are unable to get other MSD support to pay rent arrears
- will be able to carry on their tenancy and keep paying the rent themselves once their arrears are paid
- have signed the tenancy agreement or have a tenancy order under the Family Violence Act
- meet income and asset limits
- meet residency criteria.
- When a person or family suffers a temporary financial setback and gets into difficulty with unpaid rent, we don't want it to escalate into eviction, emergency housing or homelessness.

Contact WINZ on 0800 559 009 or visit www.workandincome.govt.nz/rentarrears for more information on who qualifies and how to apply.

Therapeutic Courts

The Alcohol and Other Drug Treatment Courts are at Waitakere District Court and Auckland District Court. They're designed to supervise offenders whose offending is driven by their alcohol and other drug dependency.

New Beginnings Court

The New Beginnings Court Te Kooti o Timatanga Hou is aimed at homeless people in Auckland.

A lawyer needs to apply for the case to be heard in the Alcohol and Other Drug Treatment Court or the New Beginnings Court. If you get accepted into one of these courts, you can get help to address issues in your life that contribute to your offending.

This is a voluntary court. People going through it can choose to withdraw and be returned to the normal court system at any time.

If you want to find out more about these courts, talk to your lawyer.

If you need help, or if you know someone who needs help, contact with the branch of the Society nearest to you. The method of supplying help to people and families in need varies for each branch, but generally members will visit you at your own place and discuss your needs. Some branches may instead ask you to come in to a Vincentian centre. No matter what your need is, as long as it is genuine the Society will attempt to assist you.
